MEMORANDUM FOR: Director of Training

SUBJECT: Comparison of Prototype Mobile Audio-Visual Device with Specifications

REFERENCE: a. Secret memorandum dtd 24 September 1952, to DTS, from D/TR; Subject: Mobile Audio-Visual Device, Production of Prototype  
 b. Secret memorandum dtd 25 February 1952, to D/TR, from DC/TSS; Subject: Mobile Audio-Visual Device, Production of Prototype

1. The Engineering Branch of TSS/ASD has produced a prototype Mobile Audio-Visual Device which in general meets the specifications set forth in Attachment A of D/TR memorandum to ASD/TSS dated 24 September 1952. It is the purpose of this memorandum to evaluate the TSS prototype against the specifications submitted OTR.

2. The Project Officer and ASD/EB have considered factors of standardization; power loads; sterilization for overseas use; heat, cold and humidity; and appearance and size as it affects security, in the first prototype.

3. The Engineering Branch has contractors who state they can assemble fifty units within approximately thirty days.

4. By following the recommendations as outlined in Attachment E, as well as evaluating the recommendations and suggestions for modification from the various training offices, we can set up specifications for prototype II which will more closely fulfill the needs of the Agency.
